

COVID-19

Dear Members and Visitors

At The Golf Village, the Health and Safety of our people and members is of the utmost importance to us, as we take and implement pro-active steps to bolster the hygiene of our ranges and facilities. We are highly committed to this and will adhere to stringent measures so that our ranges and facilities can remain fully operational.

We will however monitor the situation and make changes to our protocols which will be implemented immediately when or if the situation arises.

WHAT ARE WE DOING TO KEEP YOU SAFE?

1. We are continuously monitoring developments in respect of the COVID-19 and following the advice and guidance of both the National Department of Health as well as the Western Cape Provincial Sport Confederation.
2. We have introduced hand sanitisers that will be placed around the facility. Sanitisers will be placed at the entrance of the range, outside each changing room, and at various places on the floor.
3. We have increased the number of cleaning staff at each facility.
4. Members will swipe their own access cards to gain entrance onto the range.
5. We will be increasing the stock on hand of hand sanitisers and cleaning products
6. Members of staff have been informed not to make any physical contact either with each other or with our members, especially the shaking of hands or hugging.
7. We are in the process of changing all our cleaning products to Hospital grade and will ensure that all products used are 70% based alcohol as recommended.

WHAT WE WOULD LIKE YOU TO DO TO HELP US.

1. Please ensure that you observe the recommended 1m space between yourself and any other member or The Golf Village staff member whilst you are in one of our facilities.
2. We encourage members to take simple common sense steps to help reduce risk, including using a tissue when coughing and sneezing (or using your sleeve if you don't have a tissue-not your hands), washing your hands regularly with soap and hot water for the recommended 20 seconds or use hand sanitiser. Should you feel unwell, we recommend that you stay at home and avoid coming to the range.

The safety and the wellbeing of our members is always our top priority and we are taking numerous precautionary measures to reduce the possible impact of the Corona Virus, this is to ensure that we continue to offer a service in a safe and protective environment.
